

To,

CPL Chatswood

Sydney Australia

Dear Team,

On behalf of our entire Akshaya Patra Family, we thank CPL Chatswood for their kind support.

In the hindsight of the COVID-19 Pandemic, we wish you and your loved one's safe health

We are very grateful to **CPL Chatswood** – Australia for being an integral part of the cause. We have received contribution of INR 4,44,791 (Rupees Four Lakhs Forty Four Thousand Seven Hundred and ninety one) from you. Your donation will help us feed 370 vulnerable families and Covid affected people in India. One Dry ration kit can help feed a family for 15 days.(2 Adults and 2 children. With an average 2 meals a day). The happiness and satisfaction of the people who relish the meals, will tell a lot about the impact of your contribution.

One kit contains ingredients for 120 meals and includes notebooks for children, sanitary pads for girls as well as a Covid awareness booklet

We appreciate your trust on our work and thank you so much for your support at the most needed challenging hour. We depend on the generosity of Individuals and like- minded people like you to keep up the momentum of our restless endeavor towards realizing our goal and partnership with you helps us immensely in achieving our goal.

Your commitment exemplifies your magnanimity and concern for the less fortunate people in the society. It is the efforts like yours which go a long way in sustaining our program

We look forward to have your continued support and presence in our mission of feeding 5 Million children on each school day by the year 2025.

Once again we thank all the members for initiating and helping us to feed the marginalized income groups to sustain their lively woods

Thanking You,

For, The Akshaya Patra Foundation
